VOLUME 3

DOTHAN, ALABAMA, SATURDAY EVENING, JANUARY 7, 1911.

NUMBER 108

WOULD PENSION R. F. D. CARRIERS

WHO ARE INJURED OR KILLED IN DISCHARGE OF DUTY.

Washington, D. C., January 6.—(Special.)—Compensation for rural free delivery carriers who are killed or injured in the discharge of their duty, is urged in the annual report of Fourth Assistant Postmaster General P. V. DeGraw.

The law now authorizes the postmaster general to pay the sum of \$2,000 "to the legal representatives of a railway postal clerk or substitute railway postal clerk who shall be killed while on duty, or who, being injured while on duty, shall die within one year thereafter as the result of such injury" and also authorizes the payment to such employee of his salary for the time he is suffering from injuries so received not to exceed one year.

An act passed May 30, 1908, also contemplates aid to certain artisans and laborers employed by the government. Mr. DeGraw says:

"I am firm in the belief that the government should adopt measures to extend the benefit of the law mentioned to rural carriers and all other employees of the postal service, and earnestly recommend the enactment of appropriate legislation in that regard."

In the case of rural carriers, as Mr. DeGraw shows, their compensation is not sufficient to enable them to lay aside something to tide them over periods of enforced idleness and illness caused by injuries. If they are injured their pay ceases immediately.

Pension for Aged Employees
In recommending the retirement of superannuated employees who have given long and faithful service to the government, Mr. DeGraw says:

"It seems strikingly inappropriate that the government should lag so far behind our largest industrial establishments by its failure to make provision of some

system of civil pensions or the many faithful and deserving veterans of the public service whose usefulness has been seriously impaired by advancing years. Considerations of economy and of good administration alike imperatively demand that action in this regard be taken by congress during the coming session. Especially in the bureau of which I have the honor to be the ranking officer is there need for legislation of this character. It may well be termed inhuman to discharge summarily many of the employees who have grown gray in the service of the department, but it is none the less clear that from the standpoint of efficiency their places should be filled by younger clerks. This condition has been remedied to some extent by reducing the salaries of the aged and infirm employees to the minimum; but while this has somewhat lessened the financial loss to the government, the veterans still remain on the rolls and it is impossible to replace them with out causing great suffering and hardship, with clerks having an expectation of years of active service. All of these considerations strongly emphasize the need of the legislation recommended."

President Taft in his last message to congress earnestly directed the attention of that body for making some such provision for all classes of government employees.

J. T. Rogers, of Newton, was in town today and subscribed for the daily.

HOME MISSION SOCIETY.

The ladies of the Foster street Home Mission Society will meet Monday afternoon at 3 o'clock, in the parlor of the Methodist Church. All the ladies are urged to attend.

A. E. King, has returned to Demopolis, after a visit of several days to relatives and old friends in the city.

ALABAMA MAY HAVE A NEW CONGRESSMAN

Apportionment Bill Introduced Provides for It—Fix Membership at 433

Washington, Jan. 6.—Congressional re-apportionment under the new census figures so as to increase the membership of the House at 433. The bill was favorably received by the House Committee on Census at a meeting today.

This figure will protect each state from diminished numerical representation and is exclusive of Arizona and New Mexico. The committee will meet again on Tuesday when Census Director Durand and two of his assistants, Messrs. Wilcox and Hill, each of whom has presented plans for re-apportionment, will discuss their views.

The apportionment bill introduced by Chairman Crumpacker today fixes the membership of the House at 433. The bill was referred immediately to the Census Committee where the entire subject will be taken up.

The apportionment of the membership of the house among the various states under the proposed arrangement will be as follows:

Alabama 10, Arkansas 7, California 11, Colorado 4, Connecticut 5, Delaware 1, Florida 4, Georgia 12, Idaho 2, Illinois 27, Indiana 13, Iowa 11, Kansas 8, Kentucky 11, Louisiana 8, Maine 4, Maryland 6, Massachusetts 16, Michigan 13, Minnesota 16, Mississippi 8, Missouri 18, Montana 2, Nebraska 6, Nevada 1, New Hampshire 2, New Jersey 12, New York 43, North Carolina 10, North Dakota 3, Ohio 22, Oklahoma 8, Oregon 3, Pennsylvania 36, Rhode Island 3, South Carolina 7, South Dakota 3, Tennessee 10, Texas 18, Utah 2, Vermont 2, Virginia 10, Washington 5, West Virginia 6, Wisconsin 11, Wyoming 1.

This represents an increase over the present membership in the house as follows:

Alabama, Colorado, Florida, Georgia, Idaho, Louisiana, Michigan, Minnesota, Montana, North Dakota, Ohio, Oregon, Rhode Island.

SEVERAL THOUSAND RIFLES CAPTURED

Mexican Revolutionists Are Reported to Have Captured Over 14,000 Guns

Washington, Jan. 6.—Gustavo Madero, brother of Francisco I. Madero, one of the leaders in the Mexican revolution, received a telegram today from the headquarters of the revolutionists in Chihuahua, telling of the capture of between 13,000 and 14,000 rifles, which were being transported to the Federal troops.

El Paso, Tex., Jan. 6.—A letter to the Herald from Guaymas, received today, says insurgents have appeared in the Sahuaripa district and have captured several towns, but have in no way interfered with the mining and other industries there.

land, South Dakota, Utah and West Virginia, one each; Illinois, Massachusetts, New Jersey, Texas and Washington, two each; California and Oklahoma, three each; Pennsylvania, 4; New York 6.

A majority of the members of the committee believe this plan of apportionment will prevail.

CONFERENCE TOMORROW All Members of First Baptist Church Asked to be Present At Sunday School.

The First Baptist Church will have their Annual Conference tomorrow just after Sunday School hour, and it is the intention to have as many of the members out as possible. It is an important meeting, and the church officials for the present year are to be elected, as also the Sunday School officials.

At this meeting all members who have suggestions to offer about securing a new pastor, and any other subject that might be of interest to the church, will be discussed.

MIKADO PLEASES A LARGE CROWD

"The Mikado" presented last night at the Elite theatre was one of the best pieces of grand opera ever presented in Dothan, and was greeted by a large audience, who appeared to enjoy the attraction.

The comedy running through the play was good and was well brought out by the players. The voices in the company were all good, and the music was especially enjoyed.

Prof. J. D. Campbell, of the Campbell Institute left this morning for Coffee Springs, where he will spend today. He will go from there to Enterprise where he will visit friends and will return to the city tomorrow.

THE ALABAMA GOVERNMENT MUST SERVE PRISON SENTENCE AND PAY FINE

Washington, Jan. 6.—President Taft today refused to pardon W. S. Harlan, manager of a great lumber and turpentine business in Florida and Alabama, who was convicted of peonage. Harlan was sentenced to 18 months in jail and to pay a fine of \$5,000. The case was carried to the United States Supreme Court, where a writ of certiorari was denied. Harlan's company held in peonage in southern lumber and turpentine camps, it is alleged, 118 laborers from New York city, mostly foreigners, many of who were said to have been flogged when they attempted to escape.

The president gave a lengthy written opinion in refusing the pardon. In his decision the president scores the conditions in the south.

IMPROVEMENT CLUB

The City Improvement Club will meet with Mrs. W. M. Hunter, Tuesday afternoon at 3:30, for the annual election of officers. It is hoped that every member, and all others interested in beautifying our busy little city will be present.

This is the proper season of the year for the Club to begin taking steps for a good year's work in the improvement of the city's general appearance, and it is to be hoped that a full attendance will be out.

ALBANY 8,190

The census of Albany, Ga., has been given out as 8,190, which is just about 1,000 more than Dothan, but Dothan has a good many more white people than Albany.

Mr. T. W. Durden, of Webb, was in town today and called around to subscribe for the Eagle.

Telephone No. 119

Saturday, January 7, 1911.

It is a dull day that the press dispatches don't tell of some train robbery in the west.

The people who offered Senator Gore a bribe of \$30,000 ought to have known that he couldn't see the color of the money.

Options on certain buildings are under consideration in this town, should the legislature fix up things to the liking of some folks.

This is a town of visitors, all the time but it seems that there have been more strange faces on the streets during this week than any time previous.

There will be probably a bigger crowd to witness the inauguration of governor-elect O'Neal this month than has witnessed an inauguration in some time. The boys all want to see it well done.

There is a general spirit of optimism in this town over the business outlook for the year. That is a good sign, when you see people making arrangements to do lots of business, they usually do.

It will be quite a relief to the city school when the new building can be occupied. The other buildings are crowded, and have been for some time, and the work can be done in a much more satisfactory manner when part of the students are put in the new building.

The town needs to do a lot of work on the streets. The grading has never been done along the streets where the ditching was done for the sidewalks. Some of the crossings are in bad shape. It will take some heavy grading to put the streets in good shape, and then it will not be too over again soon.

It is not unlikely that a railroad will be extended from Union Springs to Dothan, and probably on to the gulf. We don't object to more railroads, but we need a road touching the Chattahoochee river probably as badly as we need any other one thing, and the line should be owned by the people of Dothan.

Collier's Weekly is trying to put Mr. Post, of the Postum Company in a class with other fakiers, and incidentally, he is giving Post a good deal of advertising. Talking of the publicity, a sanitarian of Battle Creek takes a whole page in Collier's to tell what a good place it is for one to go to rest, and loit about the hotel, enjoying the beautiful scenery.

Alto Pate, of Hartford, who got printers' ink on his hands several years ago, but who thought he reformed, has again broken loose. He has started the publication of a new paper at Hartford, under the name of The Hartford Independent, which isn't a very big paper, but a neatly gotten up sheet. In his salutatory he prays the indulgence of the public and adds: "Don't shoot the fiddler, for he is doing his darndest."

The Birmingham Ledger says it is not surprised that the city council of the city of Birmingham has gone on record as being opposed to the commission form of government. The members of the council doubtless like their jobs, and if the commission form of government is put on, there will be no need for a city council. The commission form of government will spread all over the country, though. It is not an experiment; it has been tried out by many cities, and they all like it. Of course, the ward healer has his objections. It lessens his work and kills his prestige.

Could Have Found Them In Houston

Great indignation is felt throughout Alabama because the employ-

Montgomery Advertiser annual banquet to Mr. Glass, owners of the paper, and put on their "Georgia raised sweet potatoes." Who ever heard of a bunch of Alabamians, publishing an Alabama paper, eating Georgia raised potatoes, when Houston county, or any other of the Wiregrass counties, could have furnished a supply of the finest that are grown.

We know of people who wouldn't eat a fat possum unless they could get Alabama potatoes with him.

It is a wonder if the subscription list of the Advertiser hasn't fallen off considerably since the announcement was made.

About Honesty

Speaking of the matter of honesty, it depends largely upon the financial condition of the party involved.

There are men who will pay their debts, as promptly as they fall due, so long as they have the money, or can get the money easy.

There are men who have borne a reputation for honesty and have a high record in debt-paying, who will go in the hole on a creditor as soon as matters get tight and money scarce.

So that is one of the reasons that nearly everybody can obtain credit in this town, and not only this town, but any other, throughout the country. There are men who have goods sold to them now on time, who ten years ago couldn't get a days credit. Times have changed, and the standard of honesty has been pushed up a peg.

Men can borrow money at the banks on their notes, who couldn't get with a chattel mortgage a few years ago.

It is all due to the fact that business is picking up.

Reckless Autoists.

This town is working alive with automobiles. So many are coming in every week till there is no use in trying to keep up with all the new ones. Strangest thing in the world, too, that the people who are just beginning to drive automobiles are the ones who drive the sanest. It is not an infrequent thing to see one or two of the oldest drivers, hit a thirty-mile and our lick up the principal residence streets of the town. They might try the down town district that way, but there are usually buggies, wagons, hacks, and just common vehicles in the way.

We have seen small children playing on the streets, and act smart by attempting to cross the street just ahead of an automobile and if one of those venture some chaps were to try it in front of a machine going at the lick some are driven, everything would have to stop and have a funeral.

About the next important move the police force should make, ought to be in the direction of holding up some of the speeders.

This town has no more children, or grownups, either, than it needs, and we would hate to see any of them killed by an automobile while they were walking along, attending to their own business.

We don't remember ever seeing any automobile driver going at a reckless gait who was using the machine for a business trip. The reckless ones are usually the ones who are just going somewhere, or coming back.

Otherwise All Right.

A Missouri darkey was endeavoring to sell a mule to a Jefferson City man, who, however, was in doubt as to the animal's age, says Harper's Magazine.

"It," said he, "this mule is as young as you claim, why is it that he bends so at the knees?"

"Oh, don't let that little fact worry you, boss," the negro hastened to say. "Dat mule bend at de lugs, but it ain't due to no age dat he does. De hones' truth, boss, is dat I ain't had no money to look after dat mule de way he oughten been. My stable is kind of low, an' dat mule he been 'bliged to stoop a little, dat's all."

AT THE CHURCHES

LESSON TEXT

25 Then Jerobatham built Shchem in mount Ephraim, and dwelt therein; and went out from thence and built Penuel.

26 And Jeroboam said in his heart, Now shall the kingdom return to the house of David:

27 If this people go up to do sacrifice in the house of the Lord at Jerusalem, then shall the heart of this people turn again unto their lord, even unto Rehoboam king of Judah, and they shall kill me, and go again to Rehoboam king of Judah.

28 Whereupon the king took counsel, and made two calves of gold, and said unto them, It is too much for you to go up to Jerusalem, behold thy gods, O Israel, which brought thee up out of the land of Egypt.

29 And he set one in Bethel, and the other put he in Dan.

30 And this thing became a sin: for the people went to worship before the one, even unto Dan.

31 And he made an house of high places, and made priests of the lowest of the people, which were not of the sons of Levi.

32 And Jeroboam ordained a feast in the eighth month, on the fifteenth day of the month, like unto the feast that is in Judah, and he offered upon the altar. So did he in Bethel, sacrificing unto the calves that he had made: and he placed in Bethel the priests of the high places which he had made.

33 So he offered upon the altar which he had made in Bethel the fifteenth day of the eighth month, even in the month which he had devised of his own heart; and ordained a feast unto the children of Israel: and he offered upon the altar, and burned incense.

OWN YOUR HOME.

Why pay exorbitant rents, when the same money will buy your home? Suppose you are paying \$25 per month rent. That's \$300 a year. Add \$200 to the rent, or \$16 67 a month, and you can have a home built on any lot you own and the home will be exactly like you want it.

We have two of those desirable lots on the corner of Newton and St. Andrews streets left. There are no more valuable lots for residences in Dothan and they are as cheap now as they will ever be. The owner will build homes for the buyers of these lots on the payment of one-fourth cash. The balance may be paid like rent.

Dothan has just entered upon the best era in its history. The new census places the city among the leading towns in Alabama and the next few years will witness such a growth as the most optimistic booster has not dreamed of.
